For usual and these further reasons this application is tendered:

1. Prior to a "Record of Survey" made for me by James Rankin, Dec. 79 no property corners had been established - there were questions and (1971) Bill Blain drilled a code well 7' to North of Northerly property line.
2. This pertinent property is the most North-Westerly of B.L.M.'s original Pinion Hills grants; the well is into a 50' precipitous and unusable easement by only 7'. B.L.M. is favorable to abandoning the unusable easement - I do not wish to pursue it. The well is 119' from an existing code-approved septic tank.

Applicant Howard E. Reeder

It is impractical to relocate the well or septic tank. For these reasons my engineer suggests this application and I concur. Thank you.
